BRIEF ABSTRACT OF LETTER

Recommends sanction to empower the Amildars to pass bills in respect of well works, the amount of which does not exceed Rs 200 at one time subject to the condition that bills should be paid once monthly and that final bills should be passed by the Deputy Commissioner.

NOTES AND ORDERS.

(1)*

1 In G.O. No. L. 6258-61/U.P 34-38-23 dated 3-2-39, Revenue Sub Division officers have been empowered to pass bills of all well works estimated to cost not more than Rs 200 subject to the condition that a list of bills passed by the S.D.Os should be sent to the Dy Comrs & that final bills should be passed by the Dy Comrs.

2 The Revenue Commissioner states that the

above order is not of much practical use as the estimates in respect of a majority of well works exceed Rs 200 so that all bills will have to come to the Deputy Commr entailing a lot of delay. This difficulty is said to have been represented at the Kodagu Dt Conferences.

4) The Revenue Commissioner therefore recommends that the Amildars may be empowered to pass bills amounting to Rs 200 at one time irrespective of the amount of the estimate, subject to the condition that bills for well works should be paid once monthly and final bills should be sent to the Deputy Commr for submitted for orders. The Financial Secy Rep may perhaps be consulted as on the previous occasion.

Office of the Revenue Commissioner in Mysore

Dated, Bangalore 16th June 1939.

No.C.6077/38-39.

From

S.Abdul Wajid.Esq.B.A.,

Revenue Commissioner in Mysore.

VP 34-38-40

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
Law Department, Bangalore.

Empowering Amildars to pass bills for well works, the amount of which does not exceed Rs 200/- in any single case.

Sir,

B

With reference to Government order No.L.6258-61/V.P.34-38-23 dated 3rd February 1939, authorising the Sub Division Officer's to pass bills of all well works estimated to cost not more than Rs 200/-, with the observation that a list of bills passed by them should be sent to the Deputy Commissioner concerned after the close of each month and that final bills of all well works should be passed by the Deputy Commissioner, etc., I have the honour to forward herewith a copy of Kadur Deputy Commissioner's letter No.A6.584/38-39 dated 23rd May 1939 on the above subject, and to state that the Deputy Commissioner brings to notice that the present order empowering the Sub Division Officers to pass bills of well works referred to above, is not of much practical use, in as much as the estimates in respect of a majority of well works, particularly in the Malnad, exceed Rs 200/- and consequently all bills will have to come to the Deputy Commissioner for being passed thus entailing a lot of delay in the payment of bills to contractors. He further states that at the recent District Conference held on 19th May 1939, several members represented that the delay caused in the payment of bills was a great inconvenience and the conference approved of the proposal to

empower the Amildars to pass bills, the amount of which does not exceed Rs 200/- at one time irrespective of the amount of the sanctioned estimate, subject to the condition that bills for well works should be paid once monthly and final bills should invariably be submitted to the Deputy Commissioner for being passed. I think that the above proposal is likely to facilitate the prompt payment of bills so necessary to expedite the execution of well works and may be adopted. As the estimates are sanctioned by the Deputy Commissioners and final bills are also passed by them, there seems to be no harm in empowering the Amildars to pass intermediate bills amounting to Rs 200/- in any single transaction I therefore request that sanction of Government may be obtained to the resolution of the Conference in the matter, as recommended by the Deputy Commissioner. The existing restriction regarding the amount of the estimate may be withdrawn.

I have the honour to be,

Sir,

Your most obedient servant,

Abdul Majid.

Revenue Commissioner.

G.R.

Letter No.A6.5848-38-39 dated 23-5-1939,from the Deputy Commissioner,Kadur District,to the Revenue Commissioner in Mysore.

I have the honour to state that in G.O.No.L. 6258-61/V..34-38-3 dated 3-8-1939,Government have approved of the recommendation of the Comptroller that the Revenue Sub Division Officers be empowered to pass bills relating to well works carried out from the Rural Water Supply Fund in respect of the drinking water wells in respect of all well works estimated to cost not more than Rs 200/ But it has to be stated that in respect of most of the estimates relating to the Well works the amount will exceed Rs 200/- and it is only in a very few cases that the estimate will come within this prescribed limit. Particularly in this District where the wells have to be excavated in hilly regions,the estimates are usually high and if the above limit ofRs 200/- has to be adhered to,practically all the bills of well works have to come to the Deputy Commissioner for being passed. There is thus no facility for expediting the payments due to contractors in respect of well w works.

At the recent District Conference held on the 19th May 1939,the delay caused in the payment of the bills relating to well works was represented by several members ,and the Conference approved of the proposal that the Amildars may be empowered to pass bills, the amount of which does not exceed Rs 200/-in a single case and that the limit of Rs 200/- prescribed with reference to the amount of the sanctioned estimate be removed. As such a liberalisation of the power to of passing Bills is quite necessary in the interests of prompt payment and to facilitate execution of the well works, I request that early orders of Government may be obtained for bills being passed for payment by the Amildars where they do not exceed Rs 200/- in any single case, irrespective of the amount of the sanctioned estimate so long as the estimate for the well has been sanctioned by the Deputy Commissioner subject also to the condition that bills for well works should be paid once monthly and that final bills should invariably be submitted to the Deputy Commissioner for being passed.

Early orders may kindly be obtained in the matter. I

may mention in this connection that the Second Member of Council who presided at the Conference instructed that proposals may be submitted immediately in the matter of getting the existing restriction removed regarding the amount of the estimate.
